Our Commitment to Diversity, Inclusion and Equity

As the decision-making body at the highest level of organizational governance and leadership, the Board of Directors of Sunbeam Community & Developmental Services plays a critical role in creating an organization committed to the issues of anti-racism, equity, diversity, and inclusion. We recognize the value that comes from diverse perspectives and the lived experiences of our stakeholders, who bring fresh, new ideas to our organization. Diversity plays a key role in our ability to deliver on our *mission of providing innovative opportunities that enable the people we support to reach their goals and achieve recognition of their value in the community.*

We are deeply committed to building a membership that is representative of the population being served. Therefore, we encourage applications from people who identify as First Nations, Metis, and/or Inuit, other members of BIPOC communities, persons with disabilities, Women, members of the LGBTQ2S+ community, and other people with lived experience who may contribute to fostering innovative ideas and solutions through an equity lens.

The Opportunity

The Board of Director is supported by two (2) subcommittees, Finance and Governance. The subcommittees' Terms of Reference permit for up to two (2) community committee members. With this in mind, we are recruiting for several volunteer community committee members to apply to either subcommittee of interest.

Experience on a board and / or related committee is beneficial and a passion for supporting people with disabilities is considered an asset. Knowledge of developmental services, health, community and / or social service sectors is also an asset. As Director positions become available, volunteer community committee members are welcomed and encouraged to apply.

All team members receive board and agency orientation prior to attending their first meeting. Members are provided appropriate access to secure board meeting documents to enable meeting participation.
